We highly support Uber ride sharing. It is the most safest way to travel. Uber helps save thousands of lives. Banning Uber would be a totaled disservice due to the fact of how fast Greenville is growing and the increase in traffic. Please allow Uber to remain in our city. I feel better allowing my daughters to ride with Uber than a taxi who doesn't go through the steps that uber drivers do.

Subject: Uber

Good Day,

I find uber to be the most successful taxi service in the world able to operate through an easy smart phone application unlike any other taxi service. After living in charleston for five years I have noticed that other taxi services are typically untimely, do not operate everywhere and have habits of being dirty or messy. Uber cars are clean, reliable and timely being able to track exactly where the cars are located. I think it is a disappointment that the city of charleston has taken away uber service which can help with efficiency and timeliness within the growing charleston community.

Sincerely,

- Giulio

Hi,

I'm writing to express my extreme disappointment with your agency's decision to issue an order for Uber to cease operations in South Carolina.

This is unacceptable and I hope the company, drivers, and customers ignore this nonsense; I intend to.

Please feel free to contact me.
